PFDI Convention 2019

Manhattan, NY
October 11-15
EXPERIENCE A DIFFERENT SIDE OF NEW YORK

This year, our convention is returning to the Big Apple. Our program in 2014 was incredible, but we couldn't fit all the sights and sounds of NYC into one trip. This year, we'll be treating you to an adventure that allows you explore a different side of the city.

This year, our group will be staying on the Upper East Side. Our accommodations are located at the intersection of 61st and Park – the crossroads of the Upper East Side and Midtown – what many would say is the best of both worlds.

We will be located close to Central Park and the shops on Madison Avenue – allowing you to stay in an area that allows you to easily explore all of the neighborhoods that New York has to offer.
THE PINNACLE OF FAMILY OWNERSHIP

Because the deathcare industry values family ownership, we could think of nothing better than to seek out a luxury hotel with strong family ties.

The Tisch Family – a powerhouse family in both the worlds of business and philanthropy – owns the Loews Regency Hotel. Their name is ubiquitous in New York City, with several landmarks bearing their namesake and continuing their legacy.

The Loews Regency Hotel is conveniently located across from the company’s headquarters, which will provide us with the opportunity to meet with their team and draw from the expertise they’ve acquired in their industry.
State of the Art Spa & Fitness Center

24/7 amenities, including Peloton bikes, and a three-in-one “Power Hour” spa treatment.

On the town

Blocks away from many of the cultural and iconic landmarks in NYC. Just ask the concierge.
Our capstone event for PFDI this year will feature a tour and presentations from the team at Frank E. Campbell Funeral Home in Manhattan, known as the “funeral home to the stars” because of its history serving royalty, dignitaries, and famous entertainers. You will have the chance to tour their high-end facility, notably one of Service Corporation International's premier locations. You will learn about how the firm developed from its founding into the cultural icon it is today and how their staff members serve high-profile families with the utmost decorum and confidentiality.

A NEW TIER OF TOURISM

This won’t be your typical trip to NYC. We want you to be inspired by the innovative changes the city has undergone in recent years.

We will be visiting Hudson Yards – a new development on the West Side that is home to more than 100 retail shops and restaurants, including Jose Andres’ latest creation, a 35,000 sq. ft. restaurant where you can select from all different offerings.

One of the highlights of our trip will include a stop at The Vessel, an interactive exhibit comprised of more than 150 connected flights of stairs. You’ll have the opportunity to walk through this impressive masterpiece, which will allow you to enjoy viewing the city from unique vantage points. We’ll also visit Snark Park, an exhibition space with several unique art and architecture installations. And, for the particularly daring, there will be the opportunity to walk out onto The Edge – a large outdoor deck that allows you to venture out well above 1,000 feet in the air.
Studying the Success of Frank E. Campbell

Every year, we strive to provide a variety of speakers that we hope will engage in thought-provoking discussions that give us ideas to improve our industry as a whole. This year, you’ll get a chance to hear from key staffers at Frank E. Campbell Funeral Home, executives at Loews, an award-winning photographer and writer, as well as our impressive member presentations.
